## Eau Claire County

### New Faces and Familiar Faces

2013 has brought a few changes to the employees of the Town of Pleasant Valley. After 40 years of service to the town, Dale Welke has semi-retired. Dale and Jen Meyer have worked together for the last three years as Clerk/Treasurer and Deputy Clerk/Treasurer respectively. Effective mid-April they switched positions. The town office has now been moved to the home of Jen Meyer, located in the sub-division of Woodridge.

#### **Thank you Dale for your past and continued service to the Town!**

Jen grew up in Pleasant Valley and has been a resident of Pleasant Valley for most of her life. Jen and her husband Mike have a son at Memorial High School and a son attending UW-Stevens Point. She can be reached at 715-878-4645.

Luke Pristash joined our road crew in January. Luke grew up in Ashland and recently purchased his first home in Eau Claire. Luke attended Central Lake College and received a diploma in the Heavy Equipment Operations Program. Luke was able to gain a lot of plowing experience this past winter and is a great addition to our Town.

### Building Committee Explores a New Town Hall/Fire Station

In 2011, the Town Board of the Town of Pleasant Valley appointed a committee of town residents to review the needs for a new or improved town hall/fire station. The current facilities are used by numerous community groups, town government and the fire department on a regular basis. The town and the fire department are rapidly outgrowing the current facility, which is also in need of structural and cosmetic improvements.

The Building Feasibility Committee has hired a construction management firm and an architect firm to help guide them through the process. At this time, preliminary plans are prepared for remodeling and adding on to the existing Town Hall/Fire Station. These plans will be available for town residents to view at Harvest Fest.

### **Informational Meeting for Town Residents September 24th at 7pm at the Town Hall**

This will be a time for the public to receive information on the project, offer input and ask questions. Please plan on attending.

### 2013 Road Projects

The Town of Pleasant Valley makes improvements to as many roads as possible each year with the state imposed limited amount of available funds. A significant portion of our annual budget is allocated to road maintenance and repair. As the cost of road maintenance increases and with 65.37 miles of road to maintain, we are only able to resurface approximately 1 mile per year with our current funding.

Every other year, the Town Board reviews each of our roads and determines which roads are in the most need of repair, also taking into account the amount of traffic each road receives.

Two projects scheduled for this year are chip sealing 1.4 miles of South Lowes Creek Road as well as major improvements on Butternut Road. Butternut Road is undergoing pulverizing and grade changes with new pavement planned for 2014.

### New Town Truck

As part of the annual budgeting process, funds are allocated toward updating our equipment on a rotating basis.

This year we reached the necessary funds to purchase a 2013 International 7500 Truck with Box. Before trading in the oldest truck, we were able to transfer some auxiliary equipment to the new truck.

The cost of the new truck was \$151,147.

### Eau Claire County Humane Association

State Law requires that all municipalities provide animal protective services to their residents. The Town of Pleasant Valley contracts services through the Eau Claire County Humane Association. This service is intended for residents of the Town to report neglected or nuisance animals as well as a place to turn in stray or unwanted animals. The town is charged at least \$100 per animal for boarding fees, necessary health care, animal pick-up and euthanasia if required. Please spay or neuter your pets to help decrease the costs of unwanted litters being turned into the Eau Claire County Humane Association.
